

Sunscreen Policy.

Staff will protect children from over exposure to the sun by using protective clothing, applying sunscreen, with parent permission, and limiting time in direct sunlight.

During the summer, parents should apply sunscreen to their child before bringing them to school. Staff will re-apply sunscreen to students prior to going outside in the afternoon, with parent permission.

Due to inhalation hazards, aerosol sunscreen is not allowed.

Child's Name

- I give permission to Evergreen staff to apply NO-AD Baby SPF 50 sunscreen on my child.
- I prefer to provide my child's sunscreen. I agree to bring a new, labeled bottle of sunscreen for my child. I give permission for Evergreen staff to apply the provided sunscreen on my child.
- I prefer sunscreen not be applied on my child. I understand that if my child receives a sunburn, I will not hold Evergreen Montessori or it's staff responsible.

I understand and agree to the above policy, indicating my sunscreen preferences for my child. I will notify the center if my preferences are to change.
